NAPLES DESIGNER DWAYNE BERGMANN
TURNS TO THE HYDRA PENDANT BY BEACON
CUSTOM LIGHTING FOR GLOWING RESULTS

TEXT CHRISTOPHER DAY

THE TASTEMAKER: One of the Gulf Coast's most esteemed designers, the dapper Dwayne Bergmann discovered his passion for interiors following a brief stint as a handbag designer. His mantra? "You have to live a full life to be creative. You cannot create from emptiness."

THE OBJECT: Finished in either bronze or brass, the Hydra pendant by Beacon Custom Lighting dazzles with its organic design and the vibrant light prism that gives the piece its ethereal glow.

IN HIS WORDS: "The Hydra epitomizes the convergence of elegance and modernity that I constantly seek to infuse into my work," says Bergmann. "The pendant's design embodies a timeless quality that seamlessly integrates into various interior styles, whether they are contemporary, transitional, or even eclectic. It's nothing short of captivating." dwaynebergmann.com; beaconcustomlighting.com
